

Objection to Confirmation

Objections occur in most cases and usually are resolved easily. There is no reason to panic. We receive a copy of the Objection and there are some objections that your attorney will work out; however, the following are the most common objections that you need to be prepared to satisfy:

1. You are behind on your Ch. 13 plan payments.
2. The Trustee needs proof of all mortgage payments, child support payments, student loan payments, and/or charitable contributions paid since the filing of your case.
3. The Trustee needs tax return(s).

The objections to confirmation usually parallel the comments and requirements stated by the Chapter 13 Trustee at your 341 Meeting of Creditors hearing.

Please fax/email/mail the information requested in the Objection a week before your hearing and use this form as a cover letter.
